PART 22 - DESIGN SERVICES

CHAPTER 22-1 ARCHITECT/ENGINEER SELECTION

A. INTRODUCTION

This chapter establishes the Architect/Engineer Selection as the Indian Health Service (IHS) standard to provide guidance for the Engineering Services, and the operating components of IHS, including tribal entities who utilize services of architect/engineer firms.

B. REFERENCE STANDARDS

The Indian Health Service Architect-Engineer Contractor Selection dated June 1993 is included in the Technical Handbook by reference only. Copies can be obtained from the Environmental Health and Engineering by calling extension (301)443-1852.

CHAPTER 22-4 ARCHITECT/ENGINEER GUIDE

A. INTRODUCTION

This chapter establishes the Architect/Engineer (A/E) Guide as the Indian Health Service (IHS) standard to provide guidance for the development of IHS construction program design documents, specifications, and other contract documents. The A/E guide also provides guidance for architectural and engineering design features, for submittals of various design documents and for supplemental information to other chapters in the Technical Handbook for Environmental Health and Engineering.

B. REFERENCE STANDARDS

The Indian Health Service Architect/Engineer (A/E) Guide dated December 4, 1996 is included in the Technical Handbook by reference only. Copies can be obtained from the Environmental Health and Engineering by calling extension (301)443-1852.
